

English language level to qualify for studies at Lucerne University of Applied Sciences and Arts – School of Engineering and Architecture

Students applying for the English program **Energy and Environmental Systems Engineering** have to obtain an English certificate. A competence level in English C1 (Common European Framework of Reference – CEFR) or CAE (Cambridge Certificate of Advanced English) is required prior the study start, meaning:

- Can understand a wide range of demanding, longer texts and recognize implicit meaning.
- Can express him/herself fluently and spontaneously without much obvious searching for expressions.
- Can use language flexibly and effectively for social, academic and professional purposes
- Can write clear, well-structured, detailed text on complex subjects, showing controlled use of organizational patterns, connectors and cohesive devices.

The Lucerne University of Applied Sciences and Arts – School of Engineering and Architecture accepts either of the following certificates as proof of **level C1**:
